

## Global Christianity Programme

The Global Christianity Programme builds on the long engagement with World Mission through the Selly Oak Colleges. This is an exciting opportunity for pastors and leaders around the world to study together as part of a diverse community that includes those preparing for ministry within the British Churches. Transformative encounters and creative learning are at the centre of what we do together, as people are shaped and re-shaped for mission and ministry in a Global Church.

The Queen's Foundation equips the Church's current and future leaders. Informed by our commitment to theology which is both contextual and prophetic, we prepare individuals for ministry in a multi-faith and globalised world. All of our programmes empower leaders to speak and act for gospel values in every context. In all we do, Queen's has a particular concern to encourage women's and lay ministry in church-sponsored organisations.

Students on this programme will take dedicated options within the MA in Theology and Transformative Practice.
